LEGENDS LIVE FOREVER.

The T. Barry Knicker Co.

We are the Original and the Best,
that's all there is to it.

For twenty-seven years and counting
we have maintained tradition and quality
ensuring that our heritage goes into every
quality inspected garment. We created an
industry and a reputation for tailoring to
Golf Professionals and Celebrities alike.

We were the company that made
Payne Stewart's first pair of Knickers.
Bob Hope personally chose our company
to dress him in the camouflage outfit he
wore to entertain our troops overseas.

Our new line embodies the essence
of tailoring for the distinguished look
that is observed by all of
those who know the difference.

"THE CAP" A HISTORY OF GRIT

As a boy I grew up with an image of our American heroes that included times that went back to the immigrants, the years of the depression, pre and post war. This cap brought to my mind a group of men that endured hardships and absolutely refused to give up. When I started golf at age 10, this cap represented Ben Hogan and with it came the Grit and Determination of an American hero and boyhood idol.
